your cancer journey.*

A Cancer Wellness Center

There is Hope

Yellow Brick Place was founded by two cancer survivors, who after going through treatment out of town, realized that our area was in desperate need of a cancer wellness center. Their vision was to provide non-medical support services, free of charge, to cancer survivors and their loved ones along their cancer journey. Such centers exist in Cleveland, Toledo, and Akron, but when you are newly diagnosed, sick, and scared, those places are just too far away.

Yellow Brick Place supports and educates cancer patients and those closest to them by providing individual and group services in the tri-county area of Mahoning, Trumbull, and Columbiana counties.

Yellow Brick Place offers a wide variety of

Thank you for everything you have done for me during my fight with breast cancer. When I was low on courage, you gave me faith, hope, and love. I became a survivor with your love and friendship.
