

Dear Friend,

Approximately four out of every ten Ohioans will be diagnosed with cancer. With the populations of Mahoning, Trumbull, and Columbiana counties, nearly 140,000 of our neighbors and friends could be diagnosed with cancer this year. As the only Cancer Wellness Center in the Valley, ALL 140,000 deserve our help, and we need them to know we are here for them.

The devastation a cancer diagnosis creates is all-encompassing. It reaches far beyond the patient and affects their entire family, friends, colleagues, and neighbors. We are working diligently to grow and to reach more people. Unfortunately, growth requires funds.

YOU can help us provide hope, care, and support to cancer patients you may know by name!
Every penny helps!

With kind regards,

The Board and Staff of Yellow Brick Place

P.S. If you know someone dealing with cancer, please tell them about us!

YOU can help Cancer Patients right here in the Valley!

Research is important, but helping reinvigorate the *HOPE* of a **local** cancer patient reaps immediate rewards. Your kindness and generosity will make that transformation happen.

You can be one of our ***Building Hope Brick by Brick Champions*** by donating **\$1,000 or more!**

Every donation helps us continue to provide our services and programs for free!

Yellow Brick Place – 2959 Canfield Rd., Suite 10
Youngstown, OH 44511
